- Total number of stitches can be found between (-) at the end of each round.
- Instructions between \*-\* repeats around, if nothing else is told.
- Instructions between (-) is made in the same stitch/chsp.
- First stitch on a round with a new color is made with a standing stitch. You can replace it with chains instead, if you feel more comfortable with that.
- First stitch on a round without color change is made with chains even if it's not specified in the pattern.
- The mandala might be bubbly after some rounds, but it will be fine when you wet-block your mandala after finished.
